Florida State Representative Tina Polsky, District 81

January 2019

Dear Friends,

I hope that you have had a fabulous holiday season and are ready for the start of the New Year.

Prior to the holidays, I participated in the Florida House of Representative's Legislator University. Throughout this 4 day period in Tallahassee, I was able to learn more about the Legislative and Appropriations process.

The Democratic Caucus at the Election Reform Press Conference.

We have also been given our committee assignments, and I am excited to serve on the following committees:

- Agriculture and Natural Resources Appropriations Subcommittee
- Children, Families, and Seniors Subcommittee
- State Affairs Committee
- Transportation and Infrastructure Subcommittee

Team Polsky at the League of Cities BBQ.

I am working diligently to get six pieces of legislation ready for the 2019 Legislative Session. This month House Members are required to file two bills for consideration. I have already selected one of the two bills required, HB121, Instructional Personnel Salaries. This bill would require the state to institute a \$50,000 minimum salary for our hard working teachers.

I am working other pieces of legislation I will file along with HB 121, but I look forward to filing legislation that

will help improve the lives of those living in Florida and District 81. As we move closer to the Legislative Session, please continue to send me your thoughts and ideas regarding legislation, as I am here to serve you.

Thank you,

Representative Tina Polsky
