

Wendy Sartory Link  
Palm Beach County Supervisor of Elections

## IN THE KNOW...

June 2019

### We are working hard preparing for the 2020 elections!

Our new voting equipment has arrived!

We have been receiving and assembling our new voting equipment over the past few weeks and will begin testing each individual machine for accuracy. Once testing is complete, our entire staff will undergo extensive training on the machines. We will then have the machines available at each of our four offices for the public to practice on and feel comfortable using in preparation for the elections in 2020!

### Honoring Military Appreciation Month

In honor of Military Appreciation Month, our office is developing and will soon launch the **Vote in Honor of a Vet** program.

This program will be promoted through our outreach programs to honor the role that our uniformed men and women have played in our many freedoms, including our right to vote!

*Please stay tuned for more details about this new program!*

### NOW HIRING POLL WORKERS!

*Here is our Poll Worker Assistant Coordinator, Kim, hosting our first Poll Worker Orientation Session on May 30, 2019, with over 70 participants!*

We are recruiting English and Spanish-speaking poll workers and will train approximately 4,000 poll workers on how to use our new voting equipment.

Our office will host multiple Poll Worker Orientation Sessions over the next few months for those who have not yet served as a Poll Worker but are interested in learning more and determining whether they would like to serve as a Poll Worker during the 2020 elections.

Apply to become a Poll Worker online and sign up for one of our [orientation sessions today!](#)

If your organization has an upcoming meeting or event and would like a demonstration of the new voting equipment, please send an email to [mailbox@pbcelections.org](mailto:mailbox@pbcelections.org).

Communicating with the public is very important to us. We want all of Palm Beach County to be well-informed when it comes to elections and voting. Thank you for signing up for our email newsletter and staying IN THE KNOW...
