Dear Friends,

On Thursday, Mar. 19, 2020, I closed all Tax Collector Offices to the public and suspended in-person service until further notice. Last year we served over 800,000 clients in person. That's almost 70,000 face-to-face interactions each month. We must do everything we can to slow the spread of COVID-19.

At the same time, this agency must continue to provide essential services to our community. The collection and distribution of property tax is vitally important, especially in these extraordinary times. Property taxes fund critical services in our community including public safety, emergency response, the school district and healthcare programs. Our driver license and motor vehicle services have a direct impact on people's ability to work which affects our local economy.

That is why we will continue to work behind the scenes, serving you online at www.pbctax.com and by mail.

These are extraordinary times filled with many unknowns and constant change. I will continue to keep you up to date on www.pbctax.com, by email and on social media via [Twitter](#) and [Instagram](#).

Please follow all local and state orders related to COVID-19 and stay healthy.

Sincerely,

Anne M. Gannon
Constitutional Tax Collector, Serving Palm Beach County

Important COVID-19 Update

[Driver License Appointments and Road Tests Cancelled](#)

At the time of this newsletter's publication, all driver license appointments and road tests have been cancelled through April 30, 2020. Palm Beach County residents can reschedule an appointment for a later date. Please note we may need to cancel future appointments depending on the status of COVID-19 in our community.

Census 2020: Make it Count!

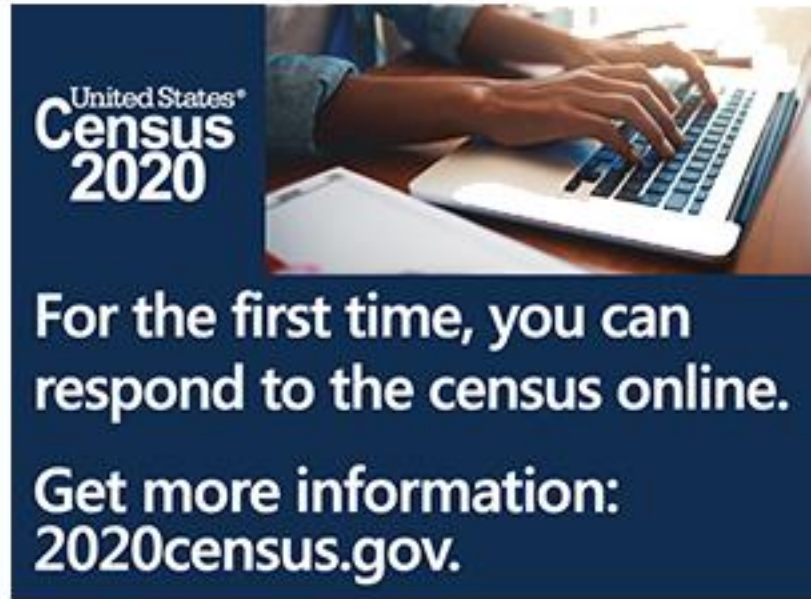

By now, you have likely received an invitation to respond to the census including instructions on how to respond by mail, online or by telephone. Everyone living at your address counts including grand and great-grandparents, parents and guardians, children, extended family, multiple families, roommates and caregivers.

Please participate because there is much at stake!

Palm Beach County receives approximately \$1,600 in federal funding for each person counted. With 1.5 million Palm Beach County residents, this funding equates to approximately \$2.4 billion annually. These funds are used locally for our schools, healthcare programs, housing, transportation, infrastructure and other critical services.

Also, Florida's census data could result in additional congressional representation for our state based upon the total response to the census.
