**Re: Zoning Application ZV/DOA/CA/W-2019-01438 ("Application")
 Control # 1973-00039 McDonald's**

Dear Mr. MacGillis:

The above-referenced Application is currently scheduled for consideration at the June 4, 2020 Zoning Commission ("ZC") meeting and June 25, 2020 Board of County Commissioners ("BCC") meeting. Since notice was issued for the Application there have been multiple inquiries from the Delray Alliance and surrounding communities expressing concern and opposition to the proposed development. McDonald's consulting team is currently evaluating these concerns and would like an opportunity to speak with the adjacent communities before this item is presented to the Zoning Commission. Unfortunately, the current circumstances limiting personal interaction make it difficult, if not impossible, to adequately address the concerns in a meaningful forum. However, I have personally been in touch with the Delray Alliance and will be exploring opportunities to speak with leadership within the impacted communities during the coming weeks.

Considering the foregoing, McDonald's is requesting to postpone the Application from the June ZC and BCC meetings. County regulations permit an applicant to postpone an item by right if submitted five (5) days prior to the subject hearing.

Thank you for your consideration of this matter.

Sincerely,

Scott Backman
