

Lake Ida and Hagen Ranch County Road Project

Ref: Project No. 2019107/County Road Improvements project at Hagen Ranch and Lake Ida

Current scope of the project consists of:

- Eliminating the EB right turn lane along Lake Ida to provide two thru lanes (merging east of the Monterey Estates Drive)
- Resetting the existing guardrail
- Redesigning the SE corner of Hagen Ranch and Lake Ida for an ADA compliant curb ramp
- Milling and resurfacing Lake Ida
- Restriping to include 4' bike lanes within the project limits

There is an existing sidewalk along Hagen Ranch road that terminates at the SE corner of the intersection and crosses to the north side. **There is no sidewalk along the south side of Lake Ida connecting the Hagen Ranch intersection to Monterey Estates Drive.** There is available right of way for a 6' concrete sidewalk to be included in the project scope. It could be fitted between the back of gutter and guardrail.
