Integrity // Accountability // Service

The Palm Beach County election team, other counties, and states across the United States, prepared for record-setting participation in the 2020 elections! Conducting four elections amid a pandemic was unprecedented and challenging. Our goal, and part of our mission statement, is to provide excellent service with integrity, accountability, and transparency while building voter confidence, ensuring value, and fostering growth in our community. Thank you for voting and being a part of this very important process we enjoy as Americans!

What a year!

Your Supervisor of Elections Office worked around the clock to ensure every voter had the information and confidence they needed to cast their ballot. We heard from voters that we made voting easier and more accessible than ever before.

The eyes of the nation were on us, and your elections team stepped up to ensure every vote was accurately counted. Ensuring transparent and secure democracy is at the foundation of everything we do.

We are proud to have offered pre-paid postage on Vote-by-Mail ballots, extended office hours to further assist voters, increased early voting locations and hours, implemented covid-19 safety protocols, and created innovative solutions, like our mobile van mail ballot drop-offs during the November election. These efforts and initiatives were made to better serve voters and keep them safe. We also engaged in several voter outreach communications and telethons in multiple languages to ensure everyone knew their voting options.

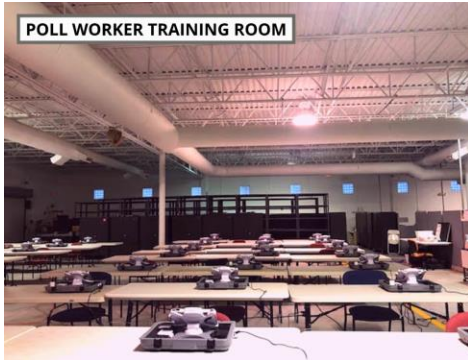

Thank you to...

Election Team

The election team encompasses all of the volunteers and staff who dedicated their time to the success of the 2020 elections. Temporary employees and full-time staff worked day and night to ensure that voters, poll workers, and polling locations were #ELECTIONREADY. New voting equipment, election laws, procedures, and COVID-19 presented unique challenges that were successfully overcome.

Our election workers and poll workers served on the front lines of democracy in this historic election. We had **5,000+** Palm Beach County voters working and volunteering to make this election successful. I am incredibly proud of the elections team here in Palm Beach County. They worked long hours, made many personal sacrifices, and committed themselves to our shared mission of ensuring a smooth election.
