### **SWA's December Household Hazardous Waste Tip**

***~Do good by your dead devices~***

If the holidays have you replacing that eight-track player, upgrading your ancient Atari, or stocking up on new televisions, computers or other electronics, don't just stow those [outdated devices](#) in your garage or attic! Instead, recycle them at the Solid Waste Authority of Palm Beach County.

Accepted electronics include:

- Audio/visual equipment: VCRs, stereos, etc.
- Cell phones and rechargeable batteries
- Computer CPUs and laptops
- Computer monitors
- Computer accessories: keyboards, mouse devices, printers, scanners, etc.
- Televisions
- Telecommunications equipment: phones, fax machines, etc.
- Holiday lights

Last year, Palm Beach County residents dropped off more than 860,000 pounds of electronics for recycling. Not a bad encore for old or outdated items with a cord that could have wound up in a landfill. And, for the past few years, the SWA's Home Chemical and Recycling Centers have either recycled or safely disposed of more than 4M pounds of household hazardous wastes.

Palm Beach County Residents can bring all of their electronic items to any of seven Solid Waste Authority of Palm Beach County [Home Chemical and Recycling Centers](#).

The SWA's locations include (from north county to south county):

- **Jupiter**  
**North County Transfer Station**  
14185 N. Military Trail (SWA Road) in Jupiter  
Monday - Friday: 7 a.m. - 5 p.m.  
Saturday: 7 a.m. - 3 p.m.
- **West Palm Beach**  
**Home Chemical and Recycling Center**  
6161 N. Jog Road in West Palm Beach  
Monday - Friday: 7 a.m. - 5 p.m.  
Saturday: 7 a.m. - 5 p.m.
- **Belle Glade**  
**Glades Regional Transfer Station**  
1701 State Road 15 in Belle Glade  
Monday - Friday: 7:30 a.m. - 4 p.m.

- **Royal Palm Beach  
West Central Transfer Station**  
9743 Weisman Way in Royal Palm Beach  
Monday - Friday: 7 a.m. - 5 p.m.  
Saturday: 7 a.m. - 3 p.m.
- **Lantana  
Central County Transfer Station**  
1810 Lantana Road in Lantana  
Monday - Friday: 7 a.m. - 5 p.m.  
Saturday: 7 a.m. - 12 p.m.
- **Delray Beach – West  
Southwest County Transfer Station**  
13400 S. State Road 7 in Delray Beach  
Monday - Friday: 7 a.m. - 5 p.m.  
Saturday: 7 a.m. - 3 p.m.
- **Delray Beach – East  
South County Transfer Station**  
1901 SW 4th Ave. in Delray Beach  
Monday - Friday: 7 a.m. - 5 p.m.  
Saturday: 7 a.m. - 3 p.m.

Commercial quantity electronics may require special disposal. Call 561-687-1100 for details on recycling electronics from your business.

Collected items are sorted by SWA staff and hauled away by a private contractor. Any useful components are recovered and reused when possible. Everything else is shredded, sorted by type and each material – plastics, metals and glass – is recycled into new products.

By recycling electronics, you can help protect the health of your community, family and environment; reduce the pollution created by manufacturing new products; and reduce the energy needed to make those new products. For more information on electronics recycling, visit [SWA.org/Electronics](http://SWA.org/Electronics) or call 561-687-1100.

Remember, *pollution prevention starts at home*. A full list of household hazardous wastes can be found at [SWA.org/HCRC](http://SWA.org/HCRC) or call 561-697-2700 or 866-SWA-INFO (toll-free) to learn more about the Solid Waste Authority of Palm Beach County's Home Chemical and Recycling Centers.

###

**About the SWA**

*The Solid Waste Authority of Palm Beach County is a Dependent Special District that was created by the Florida Legislature in 1975. Since then, the SWA has developed an award-winning integrated solid waste management system to handle the county's waste and recyclables. We call ourselves AWAY: whether you throw it, recycle it or flush it AWAY, we put your waste to work. Each year, we:*

- Process more than 90,000 tons of [recyclables](#)
- Burn approximately 1.8 million tons of trash to generate electricity at [renewable energy facilities](#)
- Produce enough electricity to power approximately 74,000 homes
- Recycle more than 150,000 tons of [wastewater treatment residuals](#) (sludge from flushes) into environmentally-friendly fertilizer
- Safely dispose of more than 3.9 million pounds of [home hazards](#)
- Collect water off of the roofs of [Renewable Energy Facility 2](#) and store it in a 2 million gallon cistern, which is used as part of the energy making process

Anyone can now sign up to receive SWA news, calendar updates, jobs, or other Web postings of interest by [signing up online](#). Should you sign up online to receive SWA's news releases, we can remove you from this distribution by sending a REMOVE reply to this email.
