Re: Need for Swift Delivery of Vaccine to Combat the COVID-19 Pandemic

Dear Governor DeSantis:

The South County Community Partnership, comprised of the Alliance of Delray Residential Associations, Coalition of Boynton West Residential Associations, and the West Boca Community Council, requests the swift delivery of vaccine to combat the COVID-19 pandemic. Of the more than 300,000 residents the Partnership represents, more than 50 % are over 65 years of age. Our seniors are concerned for their lives and frightened of this devastating disease.

The South County Community Partnership is at your service and is waiting to assist our government officials in protecting our community.

Sincerely,

*Bob Schulbaum*
