Re: Need for Mobil Units in Senior Communities to Administer COVID-19 Vaccine

Dear Governor DeSantis:

The Alliance of Delray Residential Associations appreciates your concern for Florida's elderly population. Thank you for your visit to the west Delray Beach area where the vaccination process began in King's Point, home to some of our most vulnerable seniors.

The phone calls overwhelming the hotline and the huge number of COVID-19 cases demonstrate the dire need to expedite distribution of the vaccine.

Our local government officials understand the community's concerns, are working on a strategic plan, and providing informational updates. Can your office provide more assistance so that mobile units might be able to be deployed for distribution of the vaccine to our senior communities? Although many of our Alliance communities are designated 55+, of the tens of thousands of residents residing in these communities, on the average, 85% are over the age of 65.

The Alliance is at your service and is waiting to assist our government officials in protecting our community.

Sincerely,

*Bob Schulbaum*

Bob Schulbaum, President
