

Weekly Environmental Conditions Report

[The latest Weekly Environmental Conditions Report is now available.](#)

The Weekly Environmental Conditions Report is available via email and text (SMS). [Register online](#) and select the **Email** or **SMS/Text Message** option from the drop-down menu. Then click "Submit."

Note: Data in this report is for September 27 - October 3, 2021. Information contained in the report addresses environmental conditions only and is not the official South Florida Water Management District operations recommendation or decision.

The South Florida Water Management District is a regional governmental agency that manages the water resources in the southern part of the state. It is the oldest and largest of the state's five water management districts. Our mission is to safeguard and restore South Florida's water resources and ecosystems, protect our communities from flooding, and meet the region's water needs while connecting with the public and stakeholders.
