

PALM BEACH COUNTY ELECTIONS REPORT

A monthly newsletter to keep you informed about elections and your elections office.

Thank you, Palm Beach County!

The Palm Beach County Elections Office successfully overcame notable challenges in 2021: conducting several elections during an ongoing pandemic, complying with new election law changes resulting from the passage of Senate Bill 90, and continuously adapting to shifts in voter trends and behaviors to provide the most secure, accurate, accessible, and enjoyable voter experience possible. As we reflect on the past year, our Elections Team takes pride in how we work together to ensure transparent, secure democracy. We sincerely appreciate the voters, poll workers, and partners in our community who help make Palm Beach County the best place to vote!

Redistricting Update

Every ten years, Florida's political boundaries, known as "districts," are redrawn to account for changes in population. Our Elections Office does not draw district lines; however, we do play a part in the redistricting process. Once the new districts are drawn, our office assigns new precincts associated with these districts. Since districts and precincts are changing, voters can expect changes to polling locations. Starting with the 2022 Primary Election in August, voters will have new districts and new Election Day polling places. Our office will be notifying all voters about these changes beginning in Spring of 2022.
