

Monthly e-Newsletter for residential associations and property managers April 2022

What Is A Special District?

Inadequate revenue bases and competing demands for existing taxes make it difficult for cities and counties to provide all of the services that their constituents want. Special Districts are a form of local government created by a community to meet a specific unmet need. Learn more at the link below.

Alligator Safety In Florida

This intriguing, scaly creature with a massive tail and an abundance of sharp teeth got its name from early Spanish explorers. They called it 'el legarto,' or 'the lizard.' Today, we must learn to coexist with these creatures in our urban areas. Read more about living with alligators below.

Water-VIPs

Become a Water-VIP (very informed person) and learn about water quality, quantity and management. Each month we will provide an informative article regarding water in our area. This month's article discusses the need for emergency discharge control structures or weirs within residential communities. Read more at the link below and continue your journey to becoming a Water-VIP.
