FRANKEL.HOUSE.GOV

Dear Neighbor,

I just wrapped up my first full week of the 118th Congress where Republicans now hold the majority in the House of Representatives.

And what a week for extremism it was! House Republicans continued their race to criminalize abortion nationwide, passing two harmful bills that would put women in danger, punish health care providers, and spread lies about abortion care.

I proudly joined House Democrats as we stood united against these MAGA bills. Like most Americans, we believe that women, not politicians, should be in charge of their own personal decisions that impact their health, lives, and futures—and that means having access to health care that includes abortion.

The [Democratic Women's Caucus](#) made a statement of resistance to this extreme anti-abortion agenda by dressing in white as we debated and voted against these bills. I spoke on the House Floor to defend access to abortion care, condemn all forms of violence—including violence targeting patients, providers, and volunteers at health clinics—and denounce the ongoing Republican anti-abortion agenda. You can watch my speeches [here](#) and [here](#).

House Democrats are fighting back, and we will continue to defend reproductive freedom. And we look to the Democratic majority in the Senate to keep anti-abortion legislation off the table.

Sincerely,

A handwritten signature in blue ink that reads "Lois Frankel". The signature is written in a cursive, flowing style.

Congresswoman Lois Frankel
