Don't Wait to Get Election Ready

Register to vote.

If you are not already registered, you must register at least 29 days before an election to vote in that election. Voter Registration Applications can be downloaded from VotePalmBeach.gov and are displayed at voter registration agencies throughout the county. It only takes a few minutes to fill one out and mail or deliver it to our office, the Florida Division of Elections, or any voter registration agency.

Is your voter information up-to-date?

Once you have registered to vote in Florida, you do not have to register again, but you do need to keep your information up-to-date. To verify your current voter registration information, status, polling place location, sample ballot, and Vote-by-Mail ballot status, visit VotePalmBeach.gov and click on the "My Status" tab, or call (561) 656-6200.

If you've recently moved, updating your address is quick and easy.

Visit RegisterToVoteFlorida.gov, call (561) 656-6200, or email info@votepalmbeach.gov. Please have your Florida driver license, Florida ID card, or the last 4 digits of your Social Security number available when updating your address.

Make sure to have your current signature on file.

Your handwriting may change over time, so updating your signature periodically is important. The Supervisor of Elections office uses the signatures on file to verify your identity on petitions, provisional ballots, and Vote-by-Mail ballots. You may use a [paper voter registration application](#) or an [online application](#) to update your signature. If you use the online voter registration application, the most recent signature from your Florida driver's license or Florida ID card will be added to your voter record.

Stay updated by visiting our website, following us on social media @VotePalmBeach, or reaching out to our office directly. We also encourage you to subscribe to receive our newsletter at bit.ly/VotePalmBeachNewsletter.
