

Dear Neighbor,

Here's some good news! Earlier today, I had the privilege of presenting the Palm Beach County School District with a \$1 million federal grant to improve safety in 174 of our county's schools.

Helping our students and stopping bad trouble before it starts, this funding will allow one-on-one meetings for vulnerable students with a caring adult mentor at their school, ensuring each student has someone that they trust to talk to.

Regardless of our political affiliations or backgrounds, we all want our children to be safe at school. I congratulate our school board for taking meaningful steps to continue to foster a safe, healthy school environment for our students, teachers, and personnel.

As always, it's my honor to represent you and our community in Congress. Whether you need help with a federal agency, are trying to find out if federal grants are available for your project, or are considering applying to a service academy, you can contact my office in Delray Beach at 561-998-9045 or in Washington at 202-225-9890—we're here to help.
