Lake Worth Drainage District: Community's Role In Flood Control

Join us for this free workshop and learn what you can do to help provide effective flood control for your residents. This in-person workshop is designed for property managers, association board members and others responsible for the community's drainage operations. May 23, 2024 from 9-11AM at our Delray Beach office. Two CAM CEU will be offered.

Lake Worth Drainage District Headquarters
